FRIDAY OCTOBER 24

Begublicans should prove true to the county ticket. Of what shaping the policy of the nation ic of the whim and cry of every would-be reference Democrats are to be substituted for Republicans on the party ticket, or the Con vention chosen neminees pulled down to grafty private ambition and disappointed vanity? No reform in polities was ever yet achleved by the substitution of one ticket for another. All reforms are the work of processes that begin in and underlie public conscience The Republican party has always proved equal to any emergency that has confronted it; it is capable of being, and always has been the corrective of any ills within its own body. Desertion is no cure for alleged afflictions, and grumbling never eased a pain or healed a wound. Let Republicans stand firm in advocacy of and voting for the county ticket from top to bottom, and thus retain to this county the honors of a banner Republican county!

Boycotting is a practice that we do not as a rule approve of; but Republicans would be justifiable in using it upon those merchants who have attempted to raise price on articles that are either not affecte at all by the tariff law, or upon which the duties are lower that under the old law, on he false plea that the increased duties under the new aw make it necessary There are very few articles upon which the duites have been raised sufficiently to justify an appreciable increase in the retail prices, and the attempt to make the contrary appear to be true should be as relentlessly squelched by honest men as any other species of robbery would be.

OAST NEWS.

A vigilance committee Monday night went to the San a Barbara Jail and demanded Ramon Lopez, who killed Mary Dezrullo because she would not marry him. The prisoner had been taken to Ventura for safety, but the officials of that town. fearful of a seizure even there, sent him to Los Angeles. The feeling is intensely sto bitter against the murderer.

Charles Warren, a patient in the Napa Asylum, hanged himself Tuesday.

Brakeman J. M. Tegler fell from a car at Loomis, Placer county, Tuesday, and was killed

James McCleery, a prominent resident of Sacramento since 1849 died last night, aged seventy-three

T. A. Harms, of Pleasanton, was thrown from a wagon Tuesday and his neck was broken. He leaves a wife and twelve children.

Mrs. John Gridley of Ashland, Or died Tuesday from the effects of poison, having eaten bread in which powdered vitrol was mixed ten days ago. Her thr e children also partook of the poison, but are considered out of darger.

Three brothers name Whitfield have been arrested at Astoria, who, it is said, have confessed to the murder of young Crosby on the streets at Tacoma, and for which crime two men are now serving a term in the Walla Walla Penitentiary.

Practical tariff reform is that given by the McKinley law. Under it, more than half of the articles imported will enter our ports free of duty, while direct taxation, except upon whisky and tobacco. is practically done away with. All of this has has been accomplished and yet American products, both manufactured and agricultural, are given the protection necessary to make them thrive.

Health Commissioner Wickersham at Chicago has given orders that no more vaccinations on the leg be permitted in the the Public Health Office.

It now transpires that the practice was prohibited because the eperations were not performed under his personal supervision.
